HUNT GROUP

INTERNATIONAL ARMS & SECURITY

Established in 1992, Hunt Group Arms is one of the most well known firearms manufacturer and exporter in Turkey. Our export activities started in 2008, aiming to establish one of the biggest shotgun sales network in the World. We have been manufacturing and exporting variety of firearms combining modern technology and innovation.

On one hand, we are manufacturing and exporting semi automatic (inertia), magazine fed semi automatic, pump action, magazine fed pump action, over&under, side by side, single barrel shotguns in different qualities and standarts. On the other hand, we are able to supply variety of tactical shotguns to areas like European countries, USA, Middle East, Asia and South America.

Our motto is: "providing our clients high quality standarts with affordable prices". This principle is Hunt Group International Arms & Security Company's main philosophy and distinctiveness.

1: Saiga magazine (Can be found easily everywhere).

2: Hunt Group magazine with adapter (especially used for IPSC, practical shooters and competitions)
When the hook is pressed, the magazine throws itself out & spare magazine is fed immediately during shooting competitions. It is specially designed for practical shooters.

Gun works with spring in the stock like AR-15 tube style, so if stock is removed the gun will not work even with the pistol grip.
